Megafauna experience  
Straight out of the ice age!**

Giant animals, called megafauna, once roamed the landscapes of Asia, Africa, Europe and North America more than 10,000 years ago.

These Mega Beasts are eerily familiar with some of their relatives still in existence today but on a much smaller scale.

Spot the giant terror bird, the woolly mammoth, the saber-toothed tiger and more in this animatronic spectacular

You can also help us discover why megafauna ever went extinct by exploring a collection of amazing, ancient artefacts.

#### **Mega Tips!**

Keep an eye out for our roving Mega Keepers. They are mega-excitable and love sharing quirky facts about each and every one of the beasts.

Make sure to catch the Mega Keeper Talk at 1.30pm during the week, and 11.30am and 1.30pm on weekends and school holidays.

Included with entry: Kids under 16 visit on weekends and school holidays. Members visit free every day.

The Yarra Valley's smaller winemakers invite you to join them for The Shortest Lunch in 2019.

Celebrate the shortest weekend of the year with a moving feast of entrée size meals, it's the perfect way to meander around the Yarra Valley's boutique wineries and savour great food, wine and music, without the hustle and bustle.

To take part in this progressive dining experience, simply pay at the first winery you visit, where you will receive a souvenir tasting glass. This glass allows you to taste and enjoy the wines at all the participating wineries that you visit over the two days.

Plan your weekend by following the menu options available at each of the wineries from appetisers through to dessert, which are available up to the value of \$18. Make a weekend of it by staying overnight at the Lilydale Pine Hill Caravan Park and explore more of the Yarra Valley while you're here, but be sure to book ahead.

The net proceeds of the Shortest Lunch entry fee will go to a local community group. Since 2009 we have raised well over \$75,000, which has been shared by the local CFA brigades and SES.
